[Dr. Weissman]: "We must pass Prop 71. As an MD I took an oath that the very

highest priority was the treatment of patients. The chances for diseases

to be cured by stem cell research are high, but only if we start. If the promise

of stem cell research comes true, we can hope for a

single treatment, with the right stem cells,

to cure diseases that every family has.

Please join me in voting 'yes' on 71." [PFB]: Yes on 71
