[Kogan]: "I'm Dr. Mark Kogan.

Like any doctor, I do everything in my power to convince people to stop smoking.

But that's not what Prop 86 is all about. Prop 86 raises billions in taxes,

but dedicates only 10 percent to anti-smoking programs.

The rest of the money goes to the special interests sponsoring the measure and to more government bureaucracy."

[Announcer]: Read for yourself, Prop 86 is not what it claims.

That's why doctors, police, business, and taxpayer protection groups oppose Prop 86.

[PFB]: No on Proposition 86
