[Man]: "Some people think I'm a child predator.

What is up with that? I think they need to be a little more open-minded.

So I go out with some teenage girls. We have a great time. Everyone's doing it. Nobody has to know.

Ok, so I get a couple of them pregnant. What is the big deal? I can just take her to get an abortion.

That's the great thing about the state of California. An underage girl can go get an abortion.

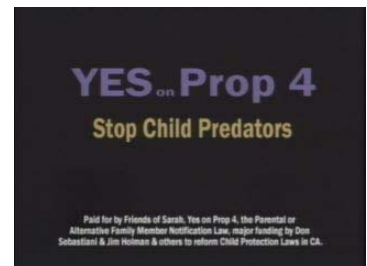

She doesn't have to tell her parents, her family, not even a teacher. Nobody has to know. It's like I never even did anything.

She might mope around for a little bit. She's depressed. But she'll get over it. Most of 'em do. Don't they?

The best part about it? Nobody has to know." [Announcer]: California law allows this man to cover up crimes

of statutory rape. Vote yes on Proposition 4. Help stop child predators. Somebody has to know. [PFB]: FRIENDS OF SARAH
